PRINTING AND PHOTOGRAPHY DIVISION
WEEKLY REPORT FOR PERIOD ENDING
1 December - 7 December 1983

I. Items or Events of Major Interest that have Occurred During the Preceding Week

A. State Department Memorial Reply: All material for the final three volumes for the Gulf of Maine Memorial Reply is in process. Approximately 600 pages with 40 graphics are being printed this week and are expected to be delivered Friday, December 9. This is the final support request from State Department for the Memorial project.

B. JPRS Update: The gradual conversion of FBIS/JPRS material into the Printing and Photography Division is going smoothly. At this point, approximately 400 of the 1,400 page daily requirement is produced at P&PD. Three of the thirteen members of the JPRS staff have been reassigned to P&PD, and the next milestone for transfer of additional personnel and data will be December 19.

C. Significant Color Print Requirements:

1. A total of [] prints have been produced for the Office of Security Badge Office. An additional [] prints will be in process through the next 30 days.

2. Approximately 80 customized prints for the upcoming [] Exhibit have been completed by the Photography Branch. These photographs will be on display in the Headquarters Exhibit Hall beginning 3 January 1984.

D. Deputy Director for Science and Technology (DDSGT)/Office of Development and Engineering (ODGE) Briefing: On 30 November, a PGPD representative attended an ODGE briefing on the Briefing Board Image Transmission System (BITS). The purpose of the briefing was to give attendees an overview of the BITS project/concept and to solicit requirements for transmitting imagery to Headquarters locations for input into briefing boards and/or intelligence publications.
